

Tables

2.1. Relative Shares of Major Powers in Total World Manufacturing Output	30
2.2. GDP Growth	30
2.3. Total Land Areas of Major Powers (Home Area, Colonies, and Mandates) as Percentage of World Surface	32
2.4. Relative Shares of Major Powers in Total World Trade	34
2.5. Major Powers and Global Contenders, 1895–1985	46
3.1. General Deterrence Failure/No Immediate Deterrence, Major Powers, 1895–1985	62
3.2. The Cases of Extended-Immediate Deterrence among Major Powers, 1895–1985	66
3.3. The Cases of Direct-Immediate Deterrence between Major Powers, 1895–1985	68
4.1. Percentage Distribution of the COW National Capability Index among Major Powers, 1895–1985	89
4.2. Descriptive Statistics for Relative Capabilities	93
4.3. The Impact of Relative Power on Deterrence Outcomes for All Major Powers, Multinomial Logit Models	94
4.4. Marginal Change in the Probability of Deterrence Outcomes for All Major Powers	95
4.5. Marginal Change in the Probability of Deterrence Outcomes for Global Contenders	96
5.1. Geopolitical Regions: Classification and Composition	113
5.2. Descriptive Statistics for Regional Salience in General Deterrence Failures	119
5.3. The Impact of Regional Interests on the Onset of Extended-Immediate Deterrence, Binomial Logit Coefficients	120
5.4. The Impact of Regional Interests on Deterrence Outcomes, Multinomial Logit Coefficients	122
5.5. Predicted Probabilities of Deterrence Outcomes	123
6.1. Descriptive Statistics for the Domestic Regime Variable	134

6.2. Domestic Regime and Deterrence Outcomes, Multinomial Logit Coefficients	135
6.3. Joint Regime Effects on the Probabilities of Deterrence Outcomes	135
7.1. The Impact of Regional Interests and Relative Power on the Onset of Extended-Immediate Deterrence	147
7.2. The Inherent Credibility Model of Deterrence Outcomes, Multinomial Logit Coefficients	149
7.3. The Impact of Regional Interests, Relative Power, and Domestic Regime on the Onset of Extended-Immediate Deterrence	151
7.4. The Expanded Inherent Credibility Model of Deterrence Outcomes, Multinomial Logit Coefficients	151
7.5. Predicted Probabilities from the Expanded Inherent Credibility Model	153
7.6. Descriptive Statistics for Past Behavior and Costly Signals	156
7.7. A Comparison of the Defender's Past and Current Behavior	157
7.8. The Impact of Past Behavior and Costly Signals on Deterrence Outcomes, Multinomial Logit Coefficients	157
7.9. The Model of Intraregional Past Behavior, Multinomial Logit Coefficients	159
7.10. Marginal Impact of Past Behavior on the Probability of Deterrence Outcomes	159
7.11. The Full Model of Deterrence Outcomes, Multinomial Logit Coefficients	161
7.12. Marginal Change in the Probability of Deterrence Outcomes: Relative Potential of All Variables in Predicting Major Power Conflicts	162
B1. The Lists of Major Powers, 1895–current	229
B2. The Lists of Global Contenders, 1895–current	229
C1. Regional Distributions of Colonies	233
C2. Regional Distributions of Foreign Trade	234
