

**Social Science Knowledge and  
Economic Development**

*Economics, Cognition, and Society*

This series provides a forum for theoretical and empirical investigations of social phenomena. It promotes works that focus on the interactions among cognitive processes, individual behavior, and social outcomes. It is especially open to interdisciplinary books that are genuinely integrative.

Editor: Timur Kuran  
Editorial Board: Tyler Cowen Avner Greif  
Diego Gambetta Viktor Vanberg

**We contract the boundaries of our subjects, and of our sub-subjects, to make them more manageable; and we are enabled to do this because our academic specialization is in fact happening in the “real world.” But it is not all that is happening in the world.**

**—Sir John Hicks (1969)**
